Searching for: CooL in: ; Coolutils Total Mail Converter 6.2.0.53 + serial - Crackingpatching2, 4, 0, Feb. 28th '19, 58.7 MB4 ; CoolUtils Total Mail Converter 6.2.0.53 + . Download Coolutils Total Mail Converter 6.2.0.53 [Crackingpatching2, 4, 0, Feb. 28th '19, 58.7 MB4 ; CoolUtils Total Mail Converter 6.2.0.53 + serial - Crackingpatching2, 4, 0, Feb. 28th '19, 58.7 MB4] Install and then restart the software: 1). Close all running programs except Coolutils Total Mail Converter. (It is not supported to restart the computer while running that software)2). Run Setup.exe (if any problem, run as administrator - right click on the file and select to Run as administrator)3). Click on Install to install the software on your computer.4). Click on Finish once everything is done. (It is not supported to restart the computer while installing) 5). Go to the folder where Setup was installed and double click on the icon called Coolutils Total Mail Converter (it looks like a folder).6). Click on Convert in the left window toolbar and Convert/Print: 7). In the input window, select the.eml file (if no.eml file is selected, select the.msa file) you want to convert in the inbox. (Remember to uncheck the.eml and.msa files you already have on your computer. Do not overwrite it) 8). In the output window, select the output.pdf or.doc or.rtf or.txt etc. (these are not save to your computer and you dont have to select any path for them. They will be created on the page you select) 9). Once you set the proper settings, click on Convert. 10). Wait for the process to be finished - it can take some time depending on the number of emails selected.11). Finally, go to the folder where Setup was installed and double click on the icon Coolutils Total Mail Converter [Crackingpatching2, 4, 0, Feb. 28th '19, 58.7 MB4 ; CoolUtils Total Mail Converter 6.2.0.53 + serial - Crackingpatching2, f678ea9f9e
